INDIANA

Assistive Technology Loaner Bank

TRY OUT NEW TECHNOLOGY

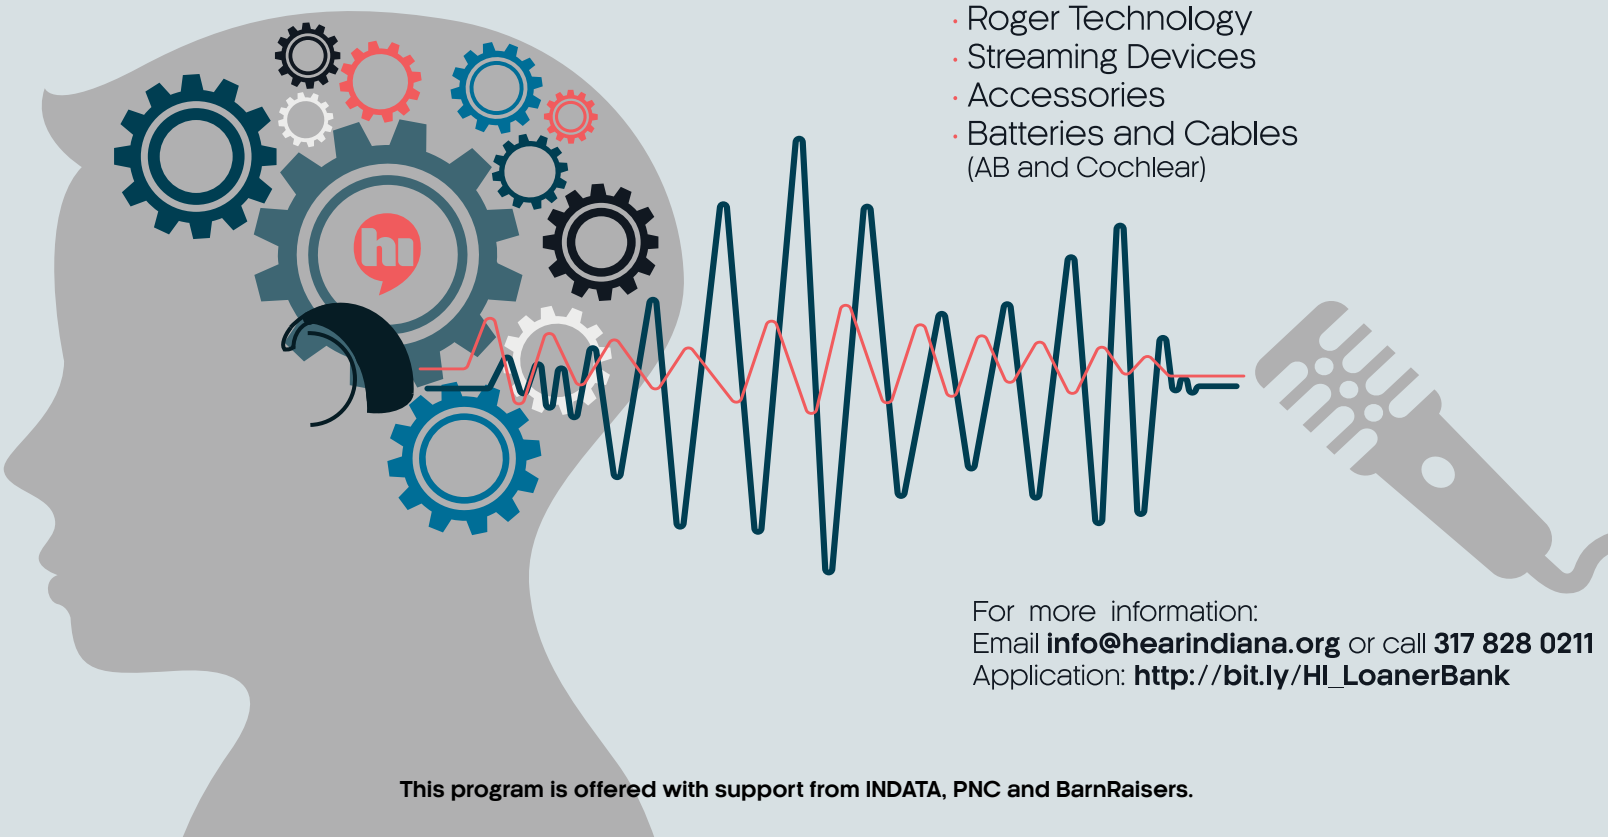

Available to families and schools who need access to equipment on a short term basis, our loaner bank may be just what you're looking for! The Hear Indiana loaner bank devices can be borrowed for six weeks or more, depending on availability and device type.

Once you submit a completed application, it will be reviewed by our team. If the appropriate technology is available, you will be contacted to make an appointment for fitting. If the technology is currently in use, you will be contacted with an approximate equipment availability date.

Each borrower can spend time with a professional to learn the features and benefits of the technology, as well as how it integrates with current devices, if applicable. After the trial has been completed, if the family or school wishes to purchase a similar device, Hear Indiana offers convenient payment plans.

in the bank...

- Traditional Hearing Aids
- Bone Anchored Hearing Aids
- Cochlear Implant Processors
- FM/DM Systems
- Roger Technology
- Streaming Devices
- Accessories
- Batteries and Cables (AB and Cochlear)
